Direction to issue a label has been given on: 01 October 2002

.....

**SUMMARY OF THE REASONS FOR DECISION:**

The DVD *Kiss Kiss (Bang Bang)* is classified as:  
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

*Kiss Kiss (Bang Bang)* contains a feature previously examined and classified as a video recording by the Office of Film and Literature Classification. The video recording was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years", with the descriptive note "Contains violence, offensive language and sex scenes". This decision was registered on 6 September 2002.

The DVD version of *Kiss Kiss (Bang Bang)* contains additional material including a trailer for *Kiss Kiss (Bang Bang)*, three trailers with similar content as the feature, still images from the feature, and biographical details about the cast members from the feature. There is nothing in the DVD version that requires an alteration to be made to the classification given to the video recording version of the publication. Therefore the previous classification of *Kiss Kiss (Bang Bang)* as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years" is appropriate, with the same descriptive note.
